Technical Quiz Competition

12-August-2022
FRIDAY

The first program of the academic year 2022-23 was conducted on 12th August,2022. A quiz program based on technology was conducted by the core members of the association. The program was inaugurated by the HOD of the Computer Science department, Dr Asha Das .An inaugural speech was delivered by her as a start for the program. Second year and third year students of the department participated in the program, as the classes have not yet started for the first years. The participants were divided into two teams. The quiz competition was conducted successfully by the association core members, among the teams. The winners were awarded a small gift from the association's side, and were handed over to them by HOD.
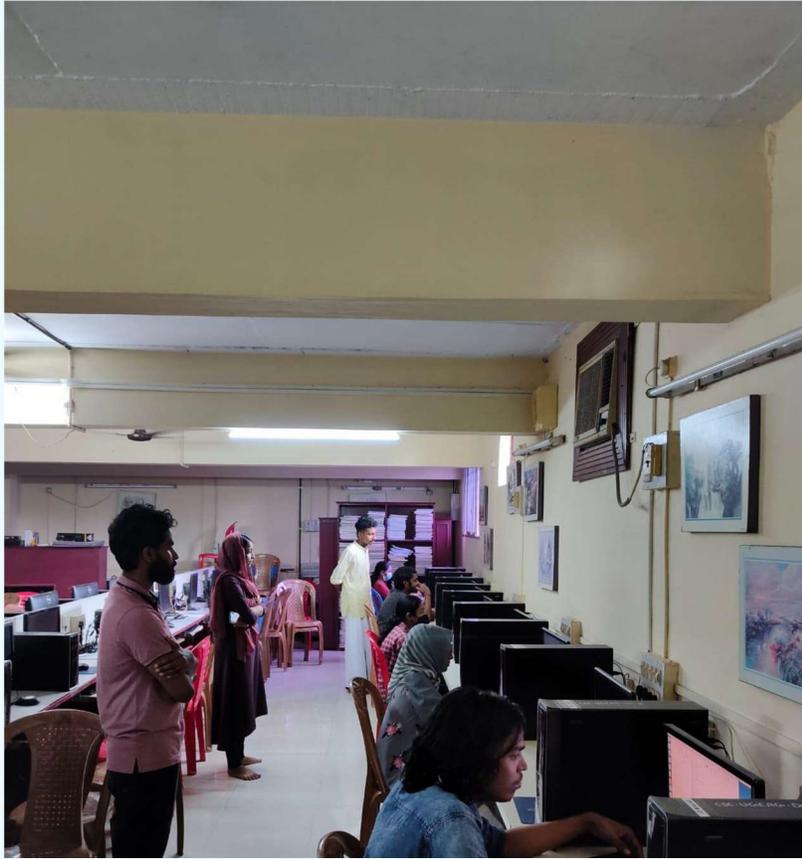

Logo Quiz Competition

19- August-2022 FRIDAY

The second association program was conducted on 19th August,2022. Association members conducted a technology-based logo identification quiz. The program was led by our HOD Dr. Asha Das and staff advisor Ms Greeshma K. Along with them, Mr. Cijin K Paul was also present at the event. All of them addressed the students and gave their valuable inputs. The quiz programme was successfully conducted among the two teams. Later on, a jamming session was conducted by the students as a part of cultural program. The winners of the logo identification quiz was awarded a small gift by our HOD and Mr. Cijin K Paul.

PROGRAMMERS DAY ACTIVITIES

An inter departmental coding competition, KODEA was successfully conducted by the association in accordance with the international programmer's day on 13th September,2022. The competition was held at the computer lab of CS department. A number of students from the different departments of our college participated in the program of which, Famitha of student of 1st B.Sc Psychology won the first prize.
Our staff advisor Greeshma miss was present at the event. Four of our core members were there to invigilate the competition.
